

Quality Policy

ISO 9001:2015 Clause 5.2

The Management of **VOTI Detection** is committed to provide our Clients with highest quality product and services. We use established best practices of our industry to meet or exceed the Quality Expectations of our Clients.

To achieve these objectives and meet the requirements of our Clients, **VOTI Detection** aims to:

- Committing to be Client Oriented with Quality First Approach;
- Ensuring the safety of its employees, its subcontractors, the public and the environment by observing all safety, regulatory and legislative requirements;
- Ensuring the client needs and expectations are determined and fulfilled with the aim of achieving their utmost satisfaction;
- Providing highest quality in the products & services, meeting the requirements of our Clients;
- Maintaining highest professional standards of Staff and training all members of staff in the needs and responsibilities of quality management system.

We strive to continually improve the effectiveness of the quality management system by maintaining, monitoring, reviewing, auditing and enhancing compliance to ISO 9001:2015 and applicable legal and regulatory requirement.

QMS shall be communicated throughout the organization as well as the system of identifying, reporting, investigating and resolving all non-conformances and taking action to prevent recurrences.

Signed: 
President & Chief Executive Officer
