

Caution Regarding Forward Looking Statements

This presentation may include forward-looking statements regarding VOTI, its business, operations or results. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "is expected", "expects", "scheduled", "intends", "contemplates", "anticipates", "believes", "proposes" or variations (including negative variations) of such words and phrases, or state that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. Forward-looking statements, by their very nature, are subject to inherent risks and uncertainties and are based on assumptions, both general and specific, which give rise to the possibility that actual results or events could differ materially from expectations expressed in, or implied by, such forward-looking statements.

These statements also involve known and unknown risks, uncertainties and other factors, including factors that are beyond VOTI's control, that may cause actual results or events to differ materially from those expressed in such forward-looking statements. Forward looking statements reflect VOTI's then current views with respect to future events based on certain material facts and assumptions. Although VOTI believes that the assumptions on which such forward-looking information is based are reasonable at the time they are made, there can be no assurance that such facts or assumptions will prove to be correct and undue reliance should, therefore, not be placed on any forward looking information. Forward-looking events and circumstances may not occur at all or by specified or anticipated dates. Events and/or results could differ materially as a result of known and unknown risks and uncertainties affecting VOTI, including, without limitation, risks regarding the food industry, economic factors, the equity markets generally, changes in regulatory environment or law, failure to obtain required approvals and risks associated with growth and competition in addition to other risks identified in publicly filed documents under VOTI's profile at www.sedar.com as well as other unknown risks.

Forward-looking statements speak only as of the date on which they are made and VOTI undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise. VOTI reports its financial results in accordance with International Financial Reporting Standards (IFRS). VOTI also uses non-IFRS measures in this presentation that do not have any standardized meaning prescribed by IFRS, including gross merchandise sales, gross merchandise sales run-rate, adjusted gross profit, adjusted gross margin, adjusted net loss, EBITDA, adjusted EBITDA and adjusted EBITDA margin. These non-IFRS measures may not be comparable to similar measures presented by other companies. For further details of these non IFRS measures, including a reconciliation to the most directly comparable IFRS financial measures, refer to VOTI's Management's Discussion and Analysis.
